

CRISIS RESPONDER TRAINING

**Crisis Prevention,
Intervention & Information Centre**
FOR NORTHERN BC

We are here for you 24-7

The next Crisis Responder training session at the Crisis Centre for Northern BC starts in January 2019. Volunteering as a crisis line worker involves providing emotional support to callers over the phone lines and chat, defining and assessing crisis, empowering callers to make their own decisions and plans, offering suicide intervention, and much more. This is extremely rewarding work as we sit with people in their darkest times and support them through it. We provide:

- Over 70 hours of intensive training,
- The possibility of glowing reference letters,
- Invaluable experience talking with and supporting people in crisis,
- ASIST (Applied Suicide Intervention Skills Training) certificate, recognized worldwide as leading education in suicide prevention and intervention.

Application due: Mon. Dec 30, 2019

Training Fee: \$100 (for training costs and ASIST which is usually \$150 alone)
