

PG Non-Profit Meetup Group

Join us from 12:00-1:00pm on the first Tuesday of each month at Hubspace, for a presentation and discussion on issues relating to non-profit operations and community development.

Each month there will be a specific topic of discussion which will be presented by a local expert, followed by a period dedicated to questions or open discussion (for any general matters that people would like to communicate to the group). Also, as the need and interest arise, there is the possibility of having an additional longer meetup to delve deeper on matters of mutual interest.

The aim of the group is to provide a consistent and reliable place for non-profit administrators (as well as community minded individuals) to meet, network and learn about a range of topics that apply directly to their work.

—

Please contact Corey to suggest a topic that you'd like more information on, a person who could facilitate a discussion (~45 minutes), or volunteer yourself. Subscribe to the Facebook page to learn what topics are scheduled for each month, or simply search "#PGCP_Meetup" to find the most recent post.
